# WELCOME TO THE SKIN STUDIO ACADEMY

Whether you are looking to begin a career within the skin industry or expand your existing treatment portfolio, our accredited skin training programmes are designed to provide the knowledge, practical skills and confidence needed to deliver professional skin treatments safely and effectively.

The skin industry continues to grow rapidly, with more clients than ever investing in healthy, radiant skin and professional skincare treatments. As demand continues to increase, there has never been a better time to develop your skills and build a successful career within this exciting industry.

At The Skin Studio Academy, training goes beyond gaining a certificate. Our mission is to provide students with the confidence, practical experience and ongoing support needed to thrive within the skin industry. Through small class sizes, personalised training and continued mentorship, we are committed to helping every student reach their full potential.

Whether your goal is to start your own business, expand your existing services or build a long-term career within the industry, we are here to support you every step of the way.

**Train. Qualify. Grow.**

# I'M MILLIE

## MEET YOUR TRAINER

My passion for skin began with a simple belief: when you feel confident in your skin, you feel confident in yourself.

Like many people, I grew up in an era where the focus was often on covering skin with makeup. Over time, I became passionate about creating healthy, radiant skin that people feel confident wearing with or without makeup. For me, great skin is the foundation of confidence.

After beginning my career within the beauty industry, I went on to build my own business, helping clients achieve their individual skin goals through personalised treatment plans, professional skincare advice and results-driven treatments.

One of the things I love most about skin is that no two clients are the same. Every treatment is tailored to the individual, taking into account their skin concerns, lifestyle, goals and long-term skin health.

As my business grew, I discovered a passion for teaching and supporting others. Becoming a trainer felt like a natural progression, allowing me to share my knowledge, experience and love for the industry with aspiring skin professionals.

I believe education has the power to create confidence, opportunity and independence.

Building a career within the skin industry can open doors to personal growth, financial freedom and the opportunity to create a future on your own terms.

The Skin Studio Academy was not created overnight. Over the past three years, I have invested countless hours into developing detailed training manuals, treatment protocols and educational resources designed to provide students with a thorough and professional learning experience.

My goal is simple: I want every student to leave training feeling confident, capable and excited about their future.

When you train with The Skin Studio Academy, you are not simply attending a course. You are joining a supportive community built on education, encouragement and long-term success.

# WHAT MAKES THE SKIN STUDIO ACADEMY DIFFERENT?

Choosing the right training provider is one of the most important decisions you will make within your career.

At The Skin Studio Academy, our mission is to provide more than a qualification. We are passionate about helping students develop the confidence, practical skills and support needed to build successful careers within the skin industry.

**Here's why students choose us...**

## MAXIMUM 2 STUDENTS PER COURSE

We believe small class sizes create the best learning experience. With a maximum of just two students per course, every student receives personalised support, practical guidance and direct access to their trainer throughout their training journey.

## VTCT TRAINER & ASSESSOR

Learn from an experienced Skin Specialist and qualified VTCT Trainer & Assessor with a passion for education, mentoring and helping others succeed.

## PROFESSIONAL CLINIC ENVIRONMENT

Training takes place within a professional clinic setting, allowing students to gain real-world experience in an environment that reflects industry standards.

## COMPREHENSIVE TRAINING MATERIALS

Over the past three years, extensive time has been invested into developing detailed training manuals, treatment protocols and educational resources designed to provide students with a thorough and professional learning experience.

## **LIFETIME SUPPORT & MENTORING**

Our support does not end when training finishes. Students receive ongoing guidance and mentoring throughout their journey within the skin industry.

## **STUDENT COMMUNITY**

All students gain access to our dedicated student WhatsApp community, creating a supportive environment where students can continue learning, networking and supporting one another.

## **BUSINESS GROWTH SUPPORT**

We are passionate about helping students not only gain qualifications but also build successful businesses. Guidance is available on branding, content creation, client attraction, pricing and business growth.

## **SHADOW DAY OPPORTUNITIES**

Additional shadow day opportunities are available for students who would like to gain further confidence and experience following training.

## BUSINESS BOOSTER & LIFETIME SUPPORT

We understand that gaining qualifications is only one part of building a successful career. Many students leave training with the skills but lack the confidence and knowledge needed to attract clients, grow their business and market themselves effectively. **Our Business Booster Support has been designed to help bridge that gap.**

### BUILDING YOUR BUSINESS

Students will receive guidance on:

- Creating engaging social media content
- Content ideas for Instagram and Facebook
- Showcasing treatment results professionally
- Building confidence online
- Pricing treatments correctly
- Attracting new clients
- Branding and business development
- Creating a professional client experience
- Client retention strategies
- Rebooking techniques
- Growing a successful treatment business

### LIFETIME SUPPORT

When you train with The Skin Studio Academy, your learning journey does not end when your training day finishes. Students receive:

- Lifetime support and mentoring
- Access to our dedicated student WhatsApp community
- Treatment support and guidance
- Advice on client cases
- Business advice and recommendations
- Shadow day opportunities
- Continued professional encouragement

Our goal is to create a supportive environment where students continue to learn, grow and succeed long after qualification.
